- You need to find a family doctor as soon as possible after you arrive in Scotland, and ask them to register you as an NHS patient. You will not have to pay for this.

- In Scotland, family doctors are often called General Practitioners or GPs. They work in GP surgeries, practices or health centres.
- The GP will decide if you can register as an NHS patient and if you can get NHS treatment free.
- The GP will help you look after all your health needs. They will decide if you need to see another health professional – for example a hospital doctor, or someone in mental health or maternity services. If you do, the GP will make the appointment for you.

- If you are getting support from the UK Border Agency, they may ask you to register with a particular GP surgery.
- If you are not getting support from the UK Border Agency, Scottish Refugee Council may be able to help you find a GP surgery and make an appointment for you to register. See page 7 for how to contact Scottish Refugee Council.
- You can also phone the NHS inform Helpline on 0800 22 44 88 or look on the internet ([www.nhs24.com](http://www.nhs24.com)) to find a GP surgery. The NHS helpline can provide an interpreting service.
- When you have found a GP surgery, contact them and make an appointment to register as an NHS patient.
- If you need an interpreter, ask the GP surgery to arrange this for you. When you make an appointment, tell them what language you prefer to use.

**If you are seeking asylum and you get asylum support from the UK Border Agency**

- The UK Border Agency will give you an HC2 certificate. This shows you don't need to pay for your health care.

**If you are seeking asylum and you don't get asylum support from the UK Border Agency, or if you have been refused asylum**

- You will need to fill in an HC1 form to apply for an HC2 certificate. This shows you don't need to pay for your health care.
  - You can get an HC1 form from a Jobcentre Plus office, an NHS hospital, or by phoning 0845 850 1166.
  - Scottish Refugee Council may also be able to help you with this. See page 7 for how to contact Scottish Refugee Council.

## Can my family get health care from the NHS?

- **If you are registered as an NHS patient, your husband, wife or civil partner, and any of your children who live in Scotland with you, can get health care from the NHS.**The children must be aged under 16, or under 19 and in full-time education.

Staff at the GP surgery will ask you to complete a form for your husband, wife or civil partner and for any children. You may need to show your marriage or civil partnership certificate, and birth certificates for your children.

- **Any other members of your family** may be able to get health care from the NHS, but they will need to prove that they have their own right to NHS care.

## What happens if I am not registered as an NHS patient?

- If you are not registered as an NHS patient, you can still get some health care from the NHS.

### Services that are free for everyone include:

- emergency care in a hospital (in the accident and emergency department, casualty department or minor injury unit)
- emergency care at a GP surgery
- emergency transport in an ambulance
- sexual health services
- treatment for some infectious diseases and sexually transmitted infections.
